Subject: TIME SENSITIVE REQUEST: One-pager for Administrator Wheeler Senate testimony

Hi – Please prepare a one-page briefing paper for the Acting Administrator on southeast Chicago manganese. Administrator Wheeler will be testifying at a Senate hearing next week and Sen. Tammy Duckworth is on the committee.

FYI – We are still working to schedule the in-person meeting with Sen. Duckworth and other Chicago elected officials to discuss southeast Chicago manganese, but it could happen as soon as late next week. In case you haven't seen it, I've also attached the response to the letter from Sen. Duckworth and others.

Is there someone who can please take the lead in compiling ARD and SFD info into a one-pager?

The paper should have a good amount of background, not just include the current status. See attached for an example. Please clear it through division directors and ORC. And let me know if you have any questions.

DUE BY NOON ON MONDAY.

Thanks in advance,
